93 Washington Ave Demo Permit Application

2 messages

Jed Harris <jed@n-aprop.com> Thu, May 5, 2016 at 11:55 AM
To: Building Inspections <buildinginspections@portlandmaine.gov>

To Whom it May Concern,
Attached are the required files as outlined in the Demo Permit Application Checklist to apply for a permit to demo a two family located at 93 Washington Avenue in order to prepare the site for commercial development. The building has asbestos exterior shingles and BIOS Environments has been engaged to remove the shingles prior to demolition. That work will commence 5/16 and is expected to take a week. I have attached a copy of that contract and will provide a letter from them when they are done but I wanted to get the bulk of the paperwork started in the permitting process so we can remove the structure in early June.

Thanks,
Jed Harris
