Subject: Fire Alarm System Review for 100 Middle St 2nd Fl Renovation, Portland, ME

I performed a review of the fire alarm system design drawings for the renovations to 100 Middle St 2nd Fl, Portland Maine. The submittal package included the floor plans, riser diagram, battery calculations, and cut sheets.

I found that the revision, dated April 12, 2017, of the fire alarm system design to be code compliant and adequately support the fire detection, alarm and notification requirements of this facility.
