Hi Chris,
Katie is out on maternity leave and I am covering this matter in her absence.

Attached are the two notices to our former tenants in 79 Congress Street, Right and Left.

That leaves one more tenant notice for the tenant who vacated 77 Congress Street, 2nd Cloor in May of this year. He did not leave a forwarding address. We have a phone number and have left him a voicemail and text message. But we have not heard back from him. What are our obligations in this case?
Many thanks,
Lisa

Lisa,

She is referring to 79L, 79R and 77 Unit 2 tenants who vacated on their own before we had noticed our plans to renovate. I don't have forwarding addresses for them but their contact phone numbers are in the Condo Conversion permit application in the folder. If you can't find them let me know.

Thanks,
Katie
