Matt Provencal

Subject: FW: Welcome letter
Attachments: Hebert Construction LLC.pdf

Matt,

Attached is our welcome Letter from CWP our custom cabinetry solution for our residential and custom commercial millwork line. Our Portland Office will house this casework in our Kitchen, Work Area and Copy area and will serve as a display to our customers. Our work area and kitchen area will have full product display brochures and door samples.

In addition our Large conference room will be set up with a working display monitor for our projects and product display. This monitor will be visible for people passing by. The intent with this office is to provide a retail sales experience for our brand.

Thank you,
Tim Hebert
