January 12, 2017

City of Portland Maine
389 Congress Street
Portland, ME 04101

To Whom It May Concern:

On behalf of Maine Wharf LLC I have reviewed the signage plane proposed by Portland Exhibits LLC on January 12, 2017 for their leased space at 68 Commercial Street. Maine Wharf LLC is authorizing the content, and manner of installation of signs in the following locations outlined by Welch, and Burr Signs:

1) Front facade, 3rd floor, lighted LED reverse channel lit letters, with channel lit logo.
2) East side (faces Casco Bay Ferry Terminal) addition of promotional exhibit banner.
3) West Side (faces Boons/Porthole) addition of promotional exhibit banner.

Maine Wharf LLC does reserve the right to review and approve new sign content, and the fixtures used to illuminate any signs being installed on the property to make sure they meet certain standards and are intended for such use.

Sincerely

Dale Akeley
Maine Wharf LLC
