CEO .. Attached please find for your review the Building Permit Application for a minor interior upgrade (old cabinets and counters replaced) for the above-mentioned subject. Please let me know how much the permit will cost…I come up with $420 based on the projected cost of $40,000. I will pay via Amex if that is acceptable.

My number listed below is 207-577-0297

Thank You .. Bill
