Thank you Ann.

Due to us moving our primary entrance, I have decided not to use an awning at this time. We will move forward with our sign plans and will resubmit an application when I decide what to use in place of our awning.

thanks,
Ken

Hey Ken

Can you forward me the contact info of who is asking of this again? Not bothering me at all, not your fault! Clearly something they are not receiving at the City of Portland so I want to get to the bottom of it so they stop hounding us for the same thing time and time again.

Thanks
