Ann or Chris,

This after-the-fact application for the sign and awning at LuLuLemon at 10 Exchange (2018-00079) has only one awning now - just the center awning over the door. Though the pictures show three awnings, they only plan the one that has already been installed over the door. See email from Deanna Emery at Bailey Sign. I am ready to sign off.

Thanks,
Rob

I want to check on the awnings at LuLu Lemon, since I see the application is finally here. Can you confirm that they decided to only install the center awning over the door, and the two over the storefront windows have been eliminated? In other words, the appearance today is the finished product?

Thanks,

Rob
