To whom it may concern

I am applying for a permit to create two openings in the brick wall that divides Oasis and Bucks Bbq. The openings will allow Oasis to expand in to a space that is currently occupied by Bucks bbq. The change will change the square footage for both business by approximately 712 sq/ft. There is an existing brick wall that will divide the two business when the work is complete. The dividing wall currently has several openings that will be filled in to meet fire rating requirements. All fire safety equipment is existing and will remain the same.

Thank you.
