Clarify what this room is being used for and if there is a door to the office space or if they are completely separate.

That room is a seperate space that will be rented out at a later date

Clarify if existing stairs are being moved or new stairs being built. Provide details of new platform for stairs and if stairs are being built, provide details.

The existing stairs are being moved. They are pre-fabbed oak stairs that were un-bolted from one spot and will be bolted in place in new location. The platform does not exist. That was drawn incorrectly.
