Siding/Exterior Trim Information:

This project involves removing the existing vinyl siding from 176 Eastern Promenade, and replacing with new western red cedar clapboards. Any rotten trim will be replaced with Azek, and any weather barriers will be repaired with Typar. All window/door flashing will be repaired/replaced as necessary using peel and stick membrane coupled with aluminum head flashing.

If you have any questions, please call Ezra Berry at 776-8344.
