Hello-

Here is the lease requested for the building permit for 44 Oak St / 116 Free St for Head Games from Evan Carol at Bild architecture. The current second floor fitness studio did not apply for a change of use and is approved for office space currently. Inspections requested a lease or permission from the current building owner. I will deliver a check for the additional charges added to the original application tomorrow. I am hoping to receive the permit asap, as I cannot close on the building without the permit, and we fell out of contract as of 1/20. Please let me know if there is anything else I can provide to help expedite the permitting process. (I'm sure that's the first time you've heard that today!:)

Thank you!
