Lieutenant Benjamin Wallace, Jr.
Portland Fire Department
380 Congress Street
Portland Maine 04101

Please find attached a permit application for 106 Park Street. The building is a four story, three unit, owner occupied residential building. We are proposing to install a predominantly hard wired automatic fire alarm system supplemented with wireless devices, as necessary. The system was designed by Unicad and will be wired and certified by Cunningham Security Systems. The building owner has installed an automatic fire suppression system in the third and fourth floor units, the fifth floor storage/attic area and the common areas.

Thank you,

Michelle Perkins, Operations Manager
