Hi Frank,

This is to let you know that your permits for the wood fencing at 75 Gray Street and 103 Brackett Street have been approved. As I believed we discussed, the entire fence is to be coated with an opaque paint or stain, by 11/1/17. this time frame should provide enough time for the wood to dry, as needed.

Please feel free to contact me with any questions.

Thank you,

Rob
