Thanks Stacey, the business west of us does not use a sidewalk sign and the one east of us does occasionally and only after 6:00pm but the occupy two storefronts and put their sign in front of their main entrance which is at least 40' from ours.

I was especially wondering if you could confirm whether any of the other tenants of the building use sidewalk signs? The city requires sidewalk signs to be 20' apart, or combined as a "multiple listing" sign if they will be closer.
