To Whom It May Concern:

Under my authority as the Chief Operating Officer at Maine Medical Center (MMC), I am writing to provide my full support of the application to hang a temporary banner at our 22 Bramhall Street location (MMC's main campus on Portland's West End) during the fall of 2016.

"Caring for our communities" is one of the foundational tenets of the MMC Mission. United Way of Greater Portland has long been a tremendous partner and advocate for the people in the communities we serve. MMC leaders and staff are proud that our annual campaign plays an important role in enhancing the health and well-being of the people in Portland.

We would like to be part of the LIVE UNITED campaign and encourage all local companies and individuals to do what they can to change lives throughout Greater Portland by giving, advocating, and volunteering.

Thank you for your consideration of this application.

Respectfully,

Jeffrey D. Sanders
