Phillip -

I have done my initial zoning review and at this time I cannot complete my review. You need to provide a plot plan that is to scale that shows the shape of the lot (dimensioned) and the existing footprint and proposed footprint with the two additions. I need to be able to scale the setbacks.

Also, now that we are doing electronic plan review, each plan needs to include a graphic or bar scale. We have to be able to calibrate our measuring tool when doing our review.

Please submit the pdf of the plot plan directly t o me.

Thanks.
