Cover Letter

I am applying for a building permit to upgrade our existing kitchen and bathroom at 34 Chamberlain Ave., Portland, ME 04101. I would like to use the Fast Track process.

The work will include one structural change that requires putting in an engineered support beam where a wall will be removed (see documents A4 and A5).

There will be no change to the external property on my lot.

Our contractor is Peter Keef of LJK Inc. His contact information is 207-671-0109.

Please use me as the primary contact.

Thank you for helping us improve our home.

Sincerely,

Dan Brouillette

Home Owner, 34 Chamberlain Ave
