B-70.24SW						

Optional electrical heating element

Towel Bar	Heating Element
B-33.24	RV-LT95510
B-48.24	RV-LT95512
B-59.24	RV-LT95514
B-70.24	RV-LT95515

Warmth without compromise.
Ecostyle Towel Bar Radiators provide the most comfortable for of heating. Their radiant heat acts like the sun, heating objects and people, not just air. This even warmth minimizes cold spots and drafts.

Style with individual room control.
Ecostyle Towel Bars can be equipped with non-electric control valves for individual room control.

Ecostyle Towel Bars are engineered for efficiency and are constructed of 1.25mm thick steel for resiliency.

They have have a smooth enamel finish which makes them extremely durable, scratch resistant and corrosion resistant.

Installation is fast and simple. The Ecostyle Towel Bars come direct from the factory as one unit with mounting hardware included.

The Ecostyle Towel Bar Radiators come with a 5-year warranty.
