To whom it may concern,

We would like a Amendment to our present building permit.
The plans on file have the cellar entry exterior door on the east side and would like to move it around to the back of the house with the steps, as to exit into the back yard.
Also we would move the window in the stairwell to where the door was, I have made the necessary change to the plans and will forward the new set.

Thank you.
Randy Johnson
E.G. Johnson Company
