Subject: Fire Alarm System Review for Coleman Hall UNE Portland, ME

I have performed a review of the fire alarm system design drawings for the renovations to Coleman Hall at UNE Portland on Stevens Ave, Portland Maine. The submittal package included the floor plans, riser diagram, battery calculations, and cut sheets.

I have found that the revision, dated April 6, 2015, of the fire alarm system design to be code compliant and adequately supports the fire detection, alarm, and notification requirements of this facility.
