Change of Use Permit

I am applying for a Change of Use Permit

in order to expand our retail business license to include the ability to do hair braiding at Mariama's Beauty Supply

located at 1037 Forest Avenue,

Portland, ME 04103

In order to add hair braiding as a service to the retail business,

No changes to the facility need to be performed, other than installing mirrors and chairs.

No plumbing, electrical, or construction needs to be done.

As can be seen by the attached floor plan, there are three rooms off the retail floor, one or two of which could be used for hair braiding without any alterations or additions.

If you have any questions, please do not hesitate to contact me.

Thank you for your consideration,

John Robinson
