Gentlemen,

This is the first fire alarm submittal/permit application submitted to you since your new guidelines have taken effect. We have made every effort to comply with the guidelines and hope we have succeeded. As all submittals shall be generated/reviewed by this office before being transmitted to you (or an electrical contractor), we would welcome the opportunity to visit with you to discuss where we've succeeded and/or have come up short meeting your requirements. Once we have satisfied the requirements with this submittal we shall use it as a template for future submittals/applications.

Please feel free to contact us if you have questions or need further information.

Regards,

Tom DuBois
