Hi Allison
Technically, your work doesn't fit neatly in our fast track-able projects. I have discussed this with Jeanie Bourke, our plan reviewer, and she feels your work could be considered fast track-able in most cases. Please feel free to provide a fast track form with any of your single family projects.

This confirms the allowance for this application and other PV installations by Revision Energy to be fast track eligible due to their adherence to submittal details and longevity in obtaining permits in the City of Portland.

Please note that the mounting bracket detail specifications are required to be submitted.

Let me know if you have any questions.

Best,
Jeanie

Hi Jeanie,

I have attached the specification sheets for mounting brackets.

Will we need to fill out the fast track application for every permit? Thanks!

Thank you Allison, yes, for each permit, and include the email as a pdf for record of confirmation of this as their are 3 administrative assistants that do permit intake.

Best,
Jeanie
