Hi Doug,
Attached is the letter from Joe Leasure, with stamp, stating work has been completed & meets standards. Again Jeff has completed the electrical work as well. We are still working on getting a plumber out, been told they'll be there next week to complete.
Scott said the permit is in building inspections, although we have not received a permit yet. Hopefully next week I'll be scheduling a time with the building inspection dept. for you to do the final inspection with vent test. Any questions please do not hesitate to contact me. Have a great weekend, thank you for your help.
