Above Ground Storage Tank Installation and Related Work

On behalf of our client, The Hertz Corporation (Hertz), we are pleased to submit the enclosed Building Permit Application and associated permit documents for the facility referenced above. This application is for the installation of one (1) 6,000-gallon gasoline above ground storage tank and associated underground piping, dispenser/vacuum island and dispenser island canopy. This installation will solely be for rental car refueling operations and not retail use.

Please do not hesitate to contact us if you have questions or would like to meet further to discuss the design.

Sincerely,

STANTEC CONSULTING SERVICES INC.
