Hi Ann,

Many thanks for your call, and your comments.

Please see attached aerial view and site plan view noting the fixtures to which we are proposing to add banners.

The banners are stitched at top and bottom to create loops that slide onto the existing banner posts on the light poles.

I will ensure that we provide the flammability certificate right away.

Please let me know if you have any questions or concerns.

Thank you again for your help.

Chris

banners on the EDA lightpoles along Thompson's Point Road, and that you were interested to see an im
how the banners might look installed.

Please see the attached overview and please do feel free to reach out to me by phone or email with any additional questions or concerns.

Many thanks in advance for your consideration.

Chris Thompson
