Curb Side Sign Design / Northeast Air

Inspections Division
Date: 07/14/16

Notes.

- Brushed alumium finish

- Northeast Air logo, Executive terminal and Corporate office all laser cut through and backlit with high quality super bright LED

- Black lettering can become white when illuminated at night

- The sign will sit on a cast contrete plinth on the corner of our parking lot with power provided

- If the plan view is not possible we would accept a rectangular plan view

- White inset bands separate the different elements on the sign
