COMMENTS

7-6-99 Met w/ contractor on site after phone call to Mrs. Morey located him there.

Advised to Lag Rim joist to posts all levels and provide a graspable handrail.

Plans did not show stair detail and Guardrail height is 32" except on individual decks which are 42". ~~Left over~~ checked dimensions on deck vs. on plans

Shown = 6'6" x 9'10 1/2". Check with Sam on <sup>max</sup> post requirement and he waived its need per these measurements. Will need to raise Guardrail 10", install handrail 34"-38", check 6" setback to curb & pier fasteners. JB

9/8 Met w/ Darren - reviewed code 1021.2 and determined that 36" is <sup>an</sup> acceptable Guard rail height in R-2 on stairs under 20'. JB
