Hi, Laurie.

This description is in reference to 2 Training Rooms at 43 Northport Dr. It is the final portion of a project completed earlier this year that was a fit-up of an existing call center:

We have installed carpet, paint, acoustical ceiling, replaced existing light fixtures with new LED fixtures, added outlets and Tel/Data, and installed new sprinkler heads (existing system). Emergency lights and fire alarm were installed during the original project, so they were left in place.

Thanks for your call, Laurie. Please let me know if you need anything else.

Jon
