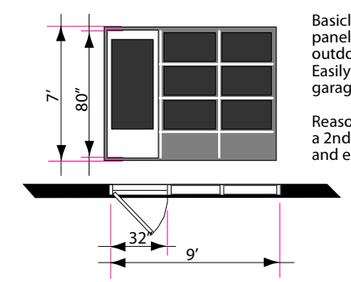
SOUTHSIDE

Look-a-like Garagedoor



Rough opening is exact the same as for the real garagedoor next to it (DSI overhead with insulated glass panels in aluminium frame).

Basicly a wooden frame with glass panels and a normal 32x80 outdoor door with glass panel. Easily to exchange for a real garagedoor in a later stadium.

Reason for this solution is no need for a 2nd. garagedoor and saving of cost and energy.
