Re: Cianbro, Riker's Wharf Facility, Seawall Sheet Pile Replacement
Map 71/F lot 7

To Whom It May Concern:

On behalf of Cianbro, Woodard & Curran is submitting permit applications to the Maine Department of Environmental Protection and the U.S. Army Corps of Engineers for a project to be completed at the Riker's Wharf facility located on Cassidy Point Drive. A notification letter was provided on April 30, 2015. This letter is to provide you with a copy of the complete Maine DEP NRPA permit application.

We ask that the Maine Historic Preservation Commission please review our project location for potential impacts. If any features are found within the project area, we will share that information with the Maine DEP and ACOE for their consideration when reviewing the permit applications.

Thank you for your assistance, and if there are any questions, please don't hesitate to contact us.

Sincerely,

WOODARD & CURRAN

Lauren Swett

Based on the information submitted, I have concluded that there will be no historic properties affected by the proposed undertaking, as defined by Section 106 of the National Historic Preservation Act. Consequently, pursuant to 36 CFR 800.4(d)(1), no further Section 106 consultation is required unless additional resources are discovered during project implementation pursuant to 36 CFR 800.13.
