Hi Tori,

Attached is the fast track and building permit application. Please note the original building permit application includes the value of the demo work. I'm hoping not to be double billed for the value of the demo work.

Sincerely,

Valerie Paquin-Gould, CCCA, AC, LEED AP+

Hi Val,

I will enter both applications myself at the same time. It looks like the cost of work for demo is $15,280. I'll subtract that amount from the $194,362 and your building permit invoice will be based on the pricing of: $179,082.

Please verify the math & I'll save this email to show the updated pricing.

Thank you,
Tori
