With CedarBoards™ Board & Batten, CertainTeed has combined a popular historic siding with innovative foam insulation technology to provide a classic vertical siding with impressive energy-saving, sound-absorbing and impact-resistance benefits.

- Wide 10" board wi
  12" panel with the
- Ideal for whole ho
- Flat face board des
  even surface.
- Straight-edged bat
  carpentered look.
- 5/8" custom contoured foam provides strength, rigidity and increased R-value.
- Can increase the overall thermal performance, helping to reduce heating and cooling costs.
- Helps block sound and exterior noise.
- Insulation treated with Fire Retardant and Insect Repellent Vapor "breather".
- Does not promote the growth of mold or mildew.
- TrueTexture™ rough cedar finish molded from real cedar boards.
- 5/8" batten height for dramatic shadow lines.
- 12 low-gloss colors with a wide variety of coordinating trim.
- .052" premium thickness.
- Virtually maintenance free, never needs painting.
- Class 1(A) fire rating.
- Lifetime limited warranty.

Flat Face, 12" Board

CertainTeed's 10" board span with a 2" batten is the industry's widest, and is designed to have a straight, even face with a flat surface for a true cedar board appearance.

Premium .052" Thickness

Board & Batten panels have a thickness of .052" for outstanding strength and durability.

Sharp Batten Edge

The straight-edged design of the batten creates a finely crafted, real-wood look.

CedarBoards Custom Contoured Foam

CedarBoards 5/8" custom contoured foam backing increases R-value, improving the home's thermal efficiency. It also adds strength and rigidity

Rough Cedar Finish

CertainTeed was the first to utilize a direct transfer system from real cedar boards creating a natural woodgrain texture.

- Granite Gray
- Oxford Blue
- Cypress
- Natural Clay
- Savannah Wicker
- Sterling Gray
- Light Maple
- Desert Tan
- Heritage Cream
- Sandstone Beige
- Snow
- Colonial White

EXTERIOR TRIM PROFILES (6)

OVERVIEW

Double-hung windows have two sash in a single frame which slide up or down to provide ventilation. Because their sash remain flush with the wall while the window is open, they are a good choice for placement adjacent to patios, decks and walkways.

Our best-selling double-hung window, the Andersen® 400 Series tilt-wash double-hung window is extremely energy efficient and gives you a wide array of decorative and performance options.

- Six exterior colors
- Natural pine or white interiors
- Energy efficient
- Dual-layer, compressible bulb weatherstripping seals out dust, wind and water
- Variety of hardware styles and finishes
