I don't see the cut sheets for the equipment being installed. Typically there would be floor plans too but I'm familiar with the location and won't need to see them for this one.

Will you please let the applicant know to use the new check list and application for all jobs that haven't been submitted yet?

Ben

Brad/Lannie,
The first email I sent had the wrong riser drawing on it this one has the correct one.

Thank You
