

DuraStone™ Natural Finish Round Tapered Columns

Turncraft's natural finish columns are designed for exterior applications where the look and feel of stone is preferred. Available in three colors, they retain all the strengths and benefits of the FRP Poly-Classic columns and are low maintenance.

- No finishing required! Column shaft, cap and base are Fiberglass-Reinforced Polymer.
- Limited Lifetime Warranty — never replace your columns again!
- With Flame Guard — ASTM E, 84-01 Class I Flame-Spread classification and Smoke Developed Index of 335 — well below the allowable SDI index of 450.
- Columns are manufactured as one centrifugal-rotocast piece from fiberglass-reinforced polymer (FRP).
- Weatherproof, insect-proof, rot-proof - virtually maintenance free.
- Load Bearing - pound for pound stronger than concrete, steel or aluminum **
- Tuscan or Attic bases install around shaft. Tuscan cap is load bearing and sets on top.
- Bases for 18" and larger will ship split in half.
- Matching Square and Non-Tapered columns available.
- Patent Pending

CUSTOM FLUTING AVAILABLE

All Poly-Classic Columns are now available fluted. Turncraft will flute for your specific overall opening height. Call for pricing.

** Load capacities are reduced when loads are not centered.

Cap and Base are also split when ordered with split shafts. Split columns ARE NOT LOAD BEARING. Split and Reassembly is typically not recommended because the seam will not match the texture/color of the rest of the column.

BROSCOS stock columns are available split Plan D only.

Call for pricing on factory split columns.

♦ Stocked in Ivory only.
