Subject: RE: Portland Jetport Parking Garage

No, we are working at the Parking garage direct across the street. The city site plan does not show an address for it. Again the only address that we have is on the City drawn up bid package that states:

Project Name: Car Rental Facility-Sprinkler Piping Replacement

Location: Portland International Jetport
1001 Westbrook Street
Portland, Maine

Are you working at the MAIN airport building?

>>> Scott Cote <SCote@deanandallyn.com> 1/9/2014 3:10 PM >>>
It must be on the same block. The address that we received here in our office on the bid package was 1001 Westbrook St. There was no identifiable CBL number in the bid package. I am assuming that the 199 A001 002 is the correct one.

Scott, a CBL always starts with a Chart # (3 numerical digits), Block (1 letter then 3 numerical digits) and then potentially a lot (usually 001). It should look like this: 001 A012 001

Yours MAY be 199 A001 002 (the MAIN airport building) but without any identifiable address, I can't confirm.

The CBL is D3SE

Scott, what is the actual address (or, better yet, CBL) where you are working.

The Inspections Division has received your application and has done a preliminary completeness check of your documents. It has been determined that your application does not meet the standard requirements. Please review the application fields, the items required within the checklist and Applicant Submittal Requirements for Electronic Plan Review. Please resubmit your entire application with the appropriate changes and supporting documents accordingly. Also please review the attached.

To whom it may concern,

Please find attached, the PDF drawings and calculations for the Portland Jetport Parking Garage. Job is a renovation to existing system on Zones 1 & 2, (Pipe and head replacement only). No new heads are to be added, pipe locations are to remain the same.

The customer IS the City of Portland.

Should you have any questions or concerns, please do not hesitate to contact me.

Thank you,
Scott Cote
