Hello,

I just spoke with Katherine in your office. I am writing to request an extension until May 1 to complete this work. We have addressed and completed everything except the first item, which involves sheet-rocking the back stairwell. This has turned out to be a bigger project than we anticipated, as there is some significant work to get us ready to sheet-rock. We have an electrician, a carpenter, and a sheet-rocker lined up to do their respective parts of the job. However, given each of their timelines, the work will not be completed before May 1. Despite having called many contractors, this is the quickest we can get the job done.

Please confirm that this is OK.

Best,

Sarah

Hello,

I am attaching the plan of action in response to a recent fire inspection at 94 Beckett St.

I did speak with your office prior to the 30th, and as such, hope I am OK to submit this today.

Please let me know if this is sufficient, or if you need any additional information at this point.

Thank you very much.

Sarah
