Notes:

Provide Silt fence along edge of Wetland as shown.
To the extent possible provide fencing around trees to remain. Fence should match the drip line of the tree to the extent possible.
Soil type is sandy clay and consolidated silt.

10-09-2013 Revision Notes:

1. Revised new contours South of the proposed house.
2. Removed limits of construction and silt fence to separate plan for clarity
3. Added electrical connection from ground transformer
4. Removed extraneous or overlapping elevation call outs
