Dear Mr. Allen,

Adam's Apple, LLC has recently submitted a site plan and subdivision application for an eight-unit housing development at 65 Munjoy Street. This application has been reviewed by city staff and found to be in compliance with the R-6 dimensional standards, the city's site plan ordinance, and the city's subdivision ordinance, with recommended conditions of approval and subject to Planning Board approval. The Planning Board is scheduled to hear the project on February 9, 2016.

Sincerely,

A handwritten signature in black ink, appearing to read "Nell Donaldson", with a long horizontal flourish extending to the right.
