Subject: Plumbing Plan - 219 Anderson St #4 - Lone Pine Brewing Company

Hi Doug and Jeanie,

Hope you're both well. I wanted to update you both and let you know that I spoke with Dana Tuttle as well as Dept. of Agriculture Inspector about our plumbing plan and they both have confirmed it is acceptable. I just want to email you both to confirm it is also acceptable on your end. Master Plumber Steve Caiazza will be installing a 4inch Ptrap and floor drain that is piped to drain and vented. He will be installing a Liberty P382 Ejector system within the drain as well.

We have received Federal approval as of last Tuesday and our equipment comes on Saturday, so we would love to ensure this is approved on your end as well so we can start this work immediately. Please do let me know as soon as you can and please let me know if you have any questions. I can be reached at 207.468.4554.

Thank You and I hope to hear back soon.

John Paul
