**Attachments:** Signage app Draft 2\_201504150919117498.pdf; Proposed Sign.pdf; Building presign.JPG; Site Plan for CycleMania.pdf; Permission for Signage 10-15-15.doc.pdf

---

Greeting's

Attached are hopefully the necessary documents to get a sign permit. What we are having installed are acrylic letters install by Curvwork. They will be secured to the brick building by stud mounts in the back of each letter. The front of the building is 106 ft long.

The letters for "CYCLEMANIA" will be 14" in height and expand to 12' in length. Centrally located above the door.

The letter for "Sales And Service Since 1981" will be 8" in height and 20' in length. Located on the right side on the front of the building.

All letter will be mounted 12' high on the building.

Please let me know what other information you need and the amount that we owe.

Thank you

David Brink
