

180 WASHINGTON AVENUE
PORTLAND, MAINE

Traffic Analysis

This project is the construction of a 5 unit residential condominium. It is located on Washington Avenue just east of Tukey's bridge. It has a parking garage on the first floor that allows parking for 4 vehicles. It is expected to generate approximately 0.4 trips in the peak hours per unit or 2 trips in the am peak hour and 2 in the pm peak hour. This will have no effect on the Washington Avenue traffic.
