Subject: RE: Update regarding the site plan review of 122 Anderson Street Intermodal Trans facility

Hello,

I was curious. Does a project like this, where there is the possibility of up to 30 trucks a day being added to the traffic pattern, need a traffic impact survey?

When I was driving home on Fox St. last Thursday (? I may be off by a day). I noticed several dozen bicycles outside Rising Tide, as well as many people walking between that area and Bunker Brewing. This was between 4-5 pm, when I imagine there would be regular truck traffic heading down to the Ferry Dock.

Thank You,
Jonathan Gartland

Hello

I am writing to update on the timetable for this review.

We intend to issue a letter of approval with conditions next week, and are awaiting the detailed traffic comments in order to finalize the conditions.

I am out of the office until Wednesday, July 30th - so if you have any questions before I return please contact Nell Donaldson (874 8723) or Barbara Barhydt (874 8699)- both are cc'd on this e-mail.

Thank you
Jean
