**Subject:** Sign Permit

Hi Tim,

We are putting in our application for our sign. We need permission from you as you are the building owner to be able to place this sign on your building as required by the city of Portland Sign Permit requirements. As discussed we are planning on mounting a sign on the exterior of the building into the CMU wall assembly mounted on a metal bracket and the size of the sign is approx. 2'-6" x 3'-4".

PLEASE CONFIRM THAT THIS IS ACCEPTABLE TO YOU.

Thanks,  
Craig Hill
