Re: 145 Anderson St.,(012 B005) Roof Leaks

We have received an inquiry, this date, with regard to the above issue. Please find attached a copy of Section 1505.4 of the Building Code. Prior to this office issuing any more occupancy permits, or converting and soon to expire occupancy permits to permanent permits, it is required that the repair to the roof and all elements of the repairs have been tested and approved in accordance with the listed ASTM standards, and installed in compliance with the manufacturer's installation specifications. Please provide plans and specs for these repairs prior to their finalization.
