Jean,

See the attached revised Sections with a Site Key Plan on the sheet.

In regard to the relationship of Building and unit numbers they are as follows (Building A = Units 1-3) (Building B = Units 4-9) (Building C = Units 10-14) (Building D = Units 15-18) (Building E = Units 25-29) (Building F = Units 19-24)

The unit types are as follows (Unit type A is the unit within Buildings B, C and D) (Unit type B is the unit within Building E) (Unit type C is the unit within Building F) (Unit type D is the unit within Building A)

Thanks,
