RE: 89 Anderson St. Scope of Work

BH Milliken will be installing a new addressable fire alarm system for 89 Anderson St. This will be a 4 story mixed use building with parking, retail space and 53 living units.

The building will be fully sprinkled. The panel will be located in the electrical/mechanical room. The building will have an AES Radio Masterbox and the panel will be monitored via a 24 hour central station of the customer's choice.

Norris Inc. will provide the fire alarm equipment, submittal documents, fire alarm permits, and final connections and testing per City of Portland requirements.
