Hi Kit,

Could you provide the area in square footage for each component of your painted sign? I tried to do a rough scale off the photo provided and came up with the following, but I'm not sure if it's very accurate:

"Oysters" - 22 sf
"Market" and "Raw Bar" - 4 sf apiece
"Cold Beer", etc - 10 sf
Total = 40 sf

I assume the orange circle on the left is a door window decal? If that is the case, no permit is required as long as it doesn't cover more than 50% of the window area.

Thanks for any clarification you can provide,
Chris
