2015

**Notice**

Prior to demolition, building owners must determine if there is any asbestos-containing material(s) (ACM) in the building. An "asbestos inspection" by a MDEP-licensed Asbestos Consultant is required for all buildings regardless of construction date, except single-family homes and residential buildings with 2-4 units built after 1980. In lieu of an asbestos inspection, pre-1981 residential buildings with 2-4 units can be surveyed to identify possible ACM by someone knowledgeable about ACM, such as a code enforcement officer or building inspector.

If your project involves the demolition of a single family residence or a residential building with less than 5 units, please answer the following questions to determine whether you need to have your inspection performed by a MDEP-licensed Asbestos Consultant:

- Does this demolition/renovation project involve more than ONE residential building at the same site with the same owner?  Yes  No
- Is this building currently being used, or has it **EVER** been used, as a commercial, government, daycare, office, church, charitable or other non-profit place of business?  Yes  No
- Is this building to be demolished as part of a highway or road-widening project?  Yes  No
- Is this building part of a building cooperative, apartment or condo building?  Yes  No
- Is this building used for military housing?  Yes  No
- Have other residences or non-residential buildings at this site been scheduled to be demolished now, or in the future, as part of a larger project?  Yes  No
- Is more than ONE building to be lifted from its foundation and relocated?  Yes  No
- Will this building be intentionally burned for the purpose of demolition or fire department training?  Yes  No

**If you answer "no" to all the questions above, your building can be inspected by a knowledgeable non-licensed person as applicable.**

**Any "yes" answers to the above questions requires an inspection by a MDEP-licensed Asbestos Consultant.**

**Important Notice**

Before you can demolish any building, including single-family residences, all asbestos materials must be removed from the building. The removal of those materials must be done by a MDEP-licensed Asbestos Abatement Contractor, except single-family homeowners may remove some asbestos under certain circumstances (Contact MDEP for more information).

With the exception of a single family home, building owners are required to submit the Asbestos Building Demolition Notification to the MDEP at least five (5) working days prior to the demolition **EVEN IF NO ASBESTOS** is present.

<b>Asbestos Building Demolition Notification</b>	State of Maine Department of Environmental Protection Lead & Asbestos Hazard Prevention Program 17 State House Station, Augusta, ME 04333 TEL (207) 287-2651 FAX (207) 287-6220	<b>FORM D</b> Page 2 of 2 2015
--	---	--------------------------------------

**Inspection/Survey Results:**

Were asbestos-containing building materials identified or presumed positive?  Yes  No

If Yes, is the removal of ACM subject to MDEP asbestos regulations?  Yes  No

If No, explain WHY NOT: \_\_\_\_\_

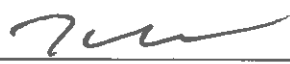

property address: <b>165 SHERIDAN ST          PORTLAND, ME</b>	building description: <input type="checkbox"/> pre-1981 residential with 2-4 units <input type="checkbox"/> post-1980 residential with 2-4 units <input checked="" type="checkbox"/> other: <b>SINGLE FAMILY</b>
asbestos survey/inspection performed by: (name & address) <b>ATLANTIC ENVIRONMENTAL          81 EAST AV LEWISTON, ME</b> telephone: <b>207 783 1908</b>	asbestos abatement contractor <b>SAME</b> telephone:
property owner: (name & address) <b>J&amp;B PARTNERS          110 MAINE ST          SALEM, ME</b> telephone: <b>207 571 4882</b>	demolition contractor: (name & address) <b>TBD</b> telephone:
demolition start date: <b>TBD</b>	demolition end date: <b>TBD</b>

Whenever more than 3 square feet or 3 linear feet of ACM is identified, the ACM must be abated in accordance with the Maine Asbestos Management Regulations by a DEP-licensed Asbestos Abatement Contractor. This includes materials presumed to be ACM. Check [www.maine.gov/dep/rwm/asbestos/index.htm](http://www.maine.gov/dep/rwm/asbestos/index.htm) for a listing of asbestos contractors.

Prior to issuing a local demolition permit, the MDEP requests that **municipalities** have applicants for municipal demolition permits complete this form and fax it to the MDEP at 207-287-6220. Municipalities should not issue local demolition permits if the required asbestos inspection or survey has not been performed and identified ACM removed.

*This demolition notification does not take the place of the Asbestos Project Notification if applicable*
